SUBJECTS OF EXAMINATION: A written test designed to evaluate knowledge, skills, and/or abilities in the following areas:

1. Interpreting and applying written Social Welfare program materials, and using basic arithmetic in determining eligibility for assistance

You will be presented with written passages related to Social Services policies and procedures and be asked to interpret their meaning and/or apply this material to hypothetical case situations. Secondly, you will be given sets of written instructions and regulations regarding such Social Services programs as cash assistance, medical assistance, and Supplemental Nutrition Assistance Program (SNAP) benefits. You must read and understand the instructions given, including schedules of arithmetic figures, and apply these instructions to hypothetical case problems. Some questions require using arithmetic to compute the correct amount of assistance. Previous knowledge of Social Services programs or the eligibility process is not required.

2. Recording case notes

You will be given several sentences from a typical case report paragraph and one additional sentence. You must determine the best place in the paragraph to put the additional sentence in order to make the report coherent and meaningful.

3. Interviewing

You must apply principles and techniques of interviewing to such problems as asking and answering questions, explaining requirements and helping the client understand his or her responsibilities, helping the client feel at ease, structuring and controlling the interview, reacting appropriately to inconsistencies, dealing with a variety of feelings of clients, maintaining confidentiality, and identifying the need for and making appropriate referrals.
