

This machine is available on State contract through Biel's for \$8,189. She requested authorization to purchase the map reader/scanner with the remaining funds in the 2015 Major Equipment line item.

Mr. Roush asked will this be compatible with the scanners we already have? Mr. Wheeler replied he is not sure. Mrs. Hunter stated that this scanner/printer can be stand alone, or networked.

MOTION: AUTHORIZING THE COUNTY CLERK TO PURCHASE A MAP SCANNER/PRINTER FROM BIEL'S FOR A TOTAL COST OF \$8,189 TO BE PAID FOR OUT OF THE 2015 MAJOR EQUIPMENT BUDGET MADE BY MR. ROUSH. SECONDED BY MR. SCHU. ALL BEING IN FAVOR. MOTION CARRIES 4-0.

C. Commissioner of Finance

1. **Amendment to Investment Policy** - Mr. Donnelly informed the committee that the State has changed the Adoption Subsidy Account to Key Bank. He requested authorization to correct the name of the bank to Key Bank, N.A. and to raise their limit from 15 percent to 35 percent.

MOTION: APPROVING AN AMENDMENT TO THE INVESTMENT POLICY AS PRESENTED BY THE COMMISSIONER OF FINANCE MADE BY MR. SCHU. SECONDED BY MR. ROUSH. ALL BEING IN FAVOR. MOTION CARRIES 4-0. Resolution Required.

2. **Tax Bills** – Mr. Roush commented that he has received several complaints about the tax bills. One of the complaints regards who the check is made out to. In most cases it is made out to the individual, which is typically the Town Clerk or the Tax Collector. He checked with the Erwin Town Clerk and about half of the checks she receives do not have her name on them.

Mr. Donnelly commented when he pays his tax bill, he puts Bath Town Tax Collector. Mr. Roush stated if an individual is receiving the checks in their name, it is more tempting to have “sticky fingers.” If we could change it to Town Tax Collector or something generic, that follows the account that the money goes into.

Mrs. Flaitz stated she will check on this. We send a form out to the Towns and ask them what name they want on the tax bills. They come in all different ways. There is no specific ruling in the law relative to this. Mr. Reed asked does the individual name also have a title? Mrs. Flaitz replied usually, yes. Mr. Reed stated the issue would come to the County requiring something of the taxing authority. He does not know if we can say to them that checks need to be made out in the name of town. We may be able to suggest that they include the title with the individual's name. Mr. Wheeler asked Mr. Reed and Mrs. Flaitz to check into this further.

3. **End of Year Budget Adjustments** – Mrs. Hurd-Harvey presented end of year budget transfers for approval. These transfers are adjusting for the actual 2015 Worker's Compensation allocation, appropriating estimated revenue and expenditures for Jail Commissary accounts, and appropriating Forfeiture balances from December 31, 2015, to the 2016 budget items.

MOTION: APPROVING THE YEAR-END BUDGET TRANSFERS AS PRESENTED BY THE COMMISSIONER OF FINANCE MADE BY MR. ROUSH. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 4-0.

4. **Monthly Reports** – Mr. Van Etten stated that after reviewing the budget transfers and adjustments, he noticed the numbers for the Driver Diversion Program and they seem too good to be true. Could we get a full year summary of what this provides? It would be helpful to better understand the program. Mrs. Hurd-Harvey replied yes. She is working with Mr. Terwilliger to reconcile the year-end numbers.

Mr. Reed commented management for this program, under Local Law, is through the County Manager's Office. The deposits go through the Finance Office. Mr. Wheeler stated we have delegated that responsibility, but will revisit how we do that.

Mr. Malter asked will this report show what the towns are receiving from this program? Mrs. Hurd-Harvey replied yes. Mr. Reed commented one of the reasons that delegation of the administration of this program cannot go to the District Attorney is because this is not a direct prosecution function, and under County Law, the District Attorney would be doing something other than prosecution. The County receives State funding to allow for a full-time District Attorney for the prosecution of offenses.

D. County Manager

1. **Veteran's Service Software** – Mr. Wheeler stated that the Veteran's Service Agency has found VIMS software that will automate the process for the tracking and submission of claims. This software is available from Sterling Solutions for a cost of \$2,000 for the software plus an annual maintenance fee of \$700. This was not included in their budget, however, Information Technology has money in their capital project to purchase this. This software does not have a direct connection to the VA, however, it will provide internally a tracking mechanism for our Veteran's Office.

MOTION: THE EXPENDITURE OF \$2,700 FROM THE INFORMATION TECHNOLOGY CAPITAL PROJECT FOR THE PURCHASE AND ONE YEAR'S MAINTENANCE OF VIMS SOFTWARE FROM STERLING SOLUTIONS FOR THE VETERAN'S SERVICE AGENCY MADE BY MR. SCHU. SECONDED BY MR. ROUSH. ALL BEING IN FAVOR. MOTION CARRIES 4-0.

2. **County Office Fiber Project** – Mr. Wheeler informed the committee that with the fiber optic project, there are actually two separate projects through STN. The first is the public safety piece and linking up the towners. The second is the last mile connection to connect the County Office Building, the Seneca Street Building in Hornell, the Corning and Hornell Office of Mental Health and the Corning Courthouse. By doing this we will no longer need individual internet connections. Additionally, we will also be able to provide four-digit dialing for those offices.

Mr. Wheeler stated the cost for the fiber is \$53,000. Equipment is \$23,000 and installation and connect by ECC is \$7,600, bringing the total cost to \$90,000. He requested approval to spend \$90,000 out of the Fiber Capital Project for this project.

Mr. Roush commented there was a requirement by the State for all internet providers to increase internet speed. Mr. Wheeler stated the speed on the backbone of this is really limitless. Companies have to pay a high premium for high speed internet. The fiber connectivity presents a significant opportunity. The Governor has \$500 million of funding available and the goal by 2018 is to provide every New Yorker with up to 100 mbps of speed, and that will be really difficult. This is a significant opportunity for STN to extend the fiber if the State pays for it. We want to be the pipeline, not the provider.

MOTION: AUTHORIZING THE COUNTY MANAGER TO SPEND \$90,000 OUT OF THE FIBER CAPITAL PROJECT FOR THE INSTALLATION OF THE LAST MILE OF FIBER TO VARIOUS COUNTY OFFICE LOCATIONS, THE PURCHASE OF NECESSARY EQUIPMENT, AND THE CONNECTION OF THE FIBER MADE BY MR. ROUSH. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

Mr. Van Etten called the meeting to order at 10:00 a.m.

II. APPROVAL OF MINUTES

MOTION: APPROVING THE MINUTES OF THE JANUARY 12, 2016, MEETING MADE BY MR. SCHU. SECONDED BY MR. ROUSH. ALL BEING IN FAVOR. MOTION CARRIES 3-0.

III. DEPARTMENT REQUESTS

A. Office of Community Services

1. **Vital Access Provider (VAP) Funding** – Dr. Chapman informed the committee that the New York State Office of Mental Health made funding available to financially distressed clinics such as ours. The purpose of the funding is to enable those clinics to make changes to improve their facilities viability. He stated that he wrote and submitted a proposal to reduce no-shows for intake and counseling appointments and to increase staff productivity. The State accepted his proposal.

Dr. Chapman explained currently our no-show rate is 30 – 40 percent. With this funding, over the next three years, we will receive a total of \$260,000 from the State. We will use this funding to hire an additional contract Social Worker to provide open access intakes. This means that when a person calls for an appointment, they will be able to get an appointment the same day, or the next day instead of waiting the typical two to three weeks. Dr. Chapman stated he would also like to purchase TeleVox, which is a reminder software that will call, text or email a client reminding them of their appointment. Additionally, this software also has the capability of letting the clients know if they have an outstanding balance and what that is.

Dr. Chapman stated another component of his proposal was to increase staff efficiency. He would like to purchase voice-activated software that will type clinicians’ notes as they talk. This will save our clinicians time and will open up their schedule for additional appointments. He anticipates with these improvements, to conservatively decrease the cost to the County by as much as \$100,000.

Ms. Fitzpatrick asked do we have to make the investment first and then get reimbursed by the State? Mr. Wheeler replied yes, we will be reimbursed by the State. If we have a contract with the State, we are comfortable with that.

Ms. Fitzpatrick asked will you have to provide progress reports to the State? Dr. Chapman replied yes, we will be required to submit quarterly reports to the State. Mr. Wheeler commented it will be very telling for us and show the success. If the grant is not renewed, we will have an idea of what is working and what is not.

Mr. Van Etten commented even if you are reducing the no-show's, it still bears the same expense as you are paying someone to be there. One of the things mentioned is that it will improve receivables and part of the software is letting the clients know the balance. An issue in this department has been bad debt and collection. Dr. Chapman stated he agrees. The proposal includes this software and the thought is it will give us more ability than we had in the past.

Mr. Van Etten asked is there a correlation between no-shows and private pays? Dr. Chapman replied yes. Clients with Medicaid have no co-pay. Because of that we tend to see more no-shows with our Medicaid clients. With private insurance, the majority of services are covered, but the client is responsible for a portion. We have improved our collections over recent years. We are going after insurance denials to try to get payment.

Ms. Fitzpatrick asked what is your goal for the no-shows? Dr. Chapman replied he would like it to be zero. He is hoping, conservatively, to decrease no-shows by 10 percent.

MOTION: AUTHORIZING THE DIRECTOR OF THE OFFICE OF COMMUNITY SERVICES TO ACCEPT \$260,000, OVER A THREE-YEAR PERIOD, IN VITAL ACCESS PROVIDER (VAP) FUNDS FROM THE NEW YORK STATE OFFICE OF MENTAL HEALTH MADE BY MR. ROUSH. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 4-0. Resolution Required.

B. 911

1. **Acceptance of 2015-2016 PSAP Operations Grant** – Ms. Goodwin requested authorization to accept \$185,710 in funds from the 2015-2016 PSAP Operations Grant. Some of this funding comes from the surcharge on cell phones. This is a non-matching grant. We would like to use these funds for Personnel costs and then the State will reimburse us. When we get the reimbursement, we would like to put that into the capital project entitled “Dispatch Console Replacement”.

MOTION: AUTHORIZING THE DIRECTOR OF 911 TO ACCEPT THE 2015-2016 PSAP OPERATIONS GRANT IN THE AMOUNT OF \$185,710 MADE BY MR. ROUSH. SECONDED BY MR. SCHU. ALL BEING IN FAVOR. MOTION CARRIES 4-0. Resolution Required.

C. Sheriff's Office

1. **Homeland Security Grant** - Undersheriff Allard requested authorization to accept \$32,500 in Homeland Security Grant funds. This funding will be used to purchase equipment for the CIRT Team. This is a non-matching grant.

MOTION: AUTHORIZING THE SHERIFF TO ACCEPT \$32,500 IN 2016 NEW YORK STATE HOMELAND SECURITY GRANT FUNDS FOR THE PURCHASE OF EQUIPMENT FOR THE CIRT TEAM MADE BY MR. ROUSH. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 4-0. Resolution Required.

2. **Legislative Initiative Funding** – Undersheriff Allard required authorization to accept Legislative Initiative funding in the amount of \$5,000 from the New York State Division of Criminal Justice Services. This funding will be used to purchase night vision scopes and vests.

MOTION: AUTHORIZING THE SHERIFF TO ACCEPT LEGISLATIVE INITIATIVE FUNDING IN THE AMOUNT OF \$5,000 FROM THE NEW YORK STATE DIVISION OF CRIMINAL JUSTICE SERVICES MADE BY MR. SCHU. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 4-0.

C. Finance

1 **Year-End Budget Adjustments** – Mrs. Hurd-Harvey presented year-end budget adjustments for approval. These transfers include end of year salary line adjustments, maintenance in lieu of rent year-end adjustments, the roll over and transfer of 2015 grant balances to the 2016 lines for the Public Defender and the Emergency Management Office, setting up the Conflict Defender ILS Grant in the 2016 budget and end of year fringe line adjustments.

MOTION: APPROVING THE YEAR-END BUDGET ADJUSTMENTS PRESENTED BY THE COMMISSIONER OF FINANCE MADE BY MR. SCHU. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 4-0.

2. **Tax Bills** – Mr. Roush asked what is the status of the research into who should be listed as the payee on tax bills? Mr. Reed replied that he had not yet done that research. Mrs. Flaitz stated that most tax bills state the municipality's tax collector. Each year we send a letter to the tax collector to find out what information they want on their tax bills and who they want the bills payable to.

Mr. Roush stated this issue was brought to his attention because people are not comfortable writing a check to the individual when they are paying taxes to the government. Mr. Reed stated he will examine if we are within our authority to direct the municipalities to not include the name of the tax collector.

Mr. Roush stated it comes down to what the banks will accept. The issue is the perception of the taxpayer of who is getting the money. In the Town of Erwin, half of the people do not write their checks to the payee listed on the bill. Mr. Reed stated that he will look into this.

3. **Tax Certiorari** – Mr. Hauryski asked for an update on the Tax Certiorari case on Kraft. Mr. Donnelly stated the Tax Certiorari involves five properties, two of which were excluded from the report. The properties were assessed at \$5 million. Kraft sued to get the assessment reduced to \$600,000. The assessment report assessed the properties at \$6 million. The County participated in an assessment by an outside appraiser who established the value at \$14 million. Discussion followed.

4. **Upper Five Mile Creek Watershed Protection District** – Mr. Donnelly informed the committee that the Upper Five Mile Creek Watershed Protection District is requesting a loan of \$150,000. This is a county-issued debt and will be paid by the tax on the land. He requested authorization to issue a bond anticipation note in the amount of \$150,000 for one year.

MOTION: AUTHORIZING THE COMMISSIONER OF FINANCE TO ISSUE A ONE-YEAR BOND ANTICIPATION NOTE IN THE AMOUNT OF \$150,000 FOR THE UPPER FIVE MILE CREEK WATERSHED PROTECTION DISTRICT MADE BY MR. SCHU. SECONDED BY MR. ROUSH. ALL BEING IN FAVOR. MOTION CARRIES 4-0. Resolution Required.

III. DEPARTMENTAL REQUESTS

A. Information Technology

1. **Modification to Phone System** – Mr. Peaslee informed the committee that when we installed the new phone system, we had a couple of video phones installed in Probation and the Public Defender’s Office to allow them to communicate with inmates at the Jail. When they installed those phones, we had received some extra video phones. Our system needs to be updated to provide better quality of use for these phones. He requested authorization to contract with Ronco to improve the system and install additional video phones in the Hornell and Corning Probation offices. The total cost is \$6,840 and he has money available in the phone system capital project.

MOTION: AUTHORIZING THE DIRECTOR OF INFORMATION TECHNOLOGY TO CONTRACT WITH RONCO TO IMPROVE THE VIDEO PHONE SYSTEM AND INSTALL ADDITIONAL VIDEO PHONES IN THE HORNELL AND CORNING PROBATION OFFICES FOR A TOTAL COST OF \$6,840.00, TO BE PAID FOR OUT OF THE PHONE SYSTEM CAPITAL PROJECT MADE BY MR. ROUSH. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

B. Sheriff’s Office

1. **Budget Adjustments**

a. *Livescan Machines* - Sheriff Cole informed the committee that the Livescan machines they currently have are in need of replacement. The State will pay \$20,000 toward the purchase. He stated that he has \$21,391 left over in the Jail Major Equipment line item from when they refurbished the key box. He requested authorization to transfer \$21,391 from the Major Equipment/Machinery line item

in the Jail to the Major Equipment/Machinery line item in the Sheriff's Office for the purchase of two Livescan machines.

MOTION: AUTHORIZING THE SHERIFF TO TRANSFER \$21,391 FROM THE JAIL'S MAJOR EQUIPMENT/MACHINERY LINE ITEM TO THE SHERIFF'S MAJOR EQUIPMENT/MACHINERY LINE ITEM FOR THE PURCHASE OF TWO LIVESCAN MACHINES MADE BY MR. SWACKHAMER. SECONDED BY MR. ROUSH. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

b. *2015 Homeland Security Grant* – Sheriff Cole requested authorization to accept \$20,700 from the 2015 Homeland Security Grant. These funds will be used to purchase night vision monoculars for the CIRT Team.

c. *SRO Vehicles* – Sheriff Cole requested authorization to accept reimbursement in the amount of \$72,000 from the Department of Social Services for the purchase of two SRO vehicles. Mr. Allard explained we have a Sheriff's Deputy at the two BOCES campuses and we receive reimbursement from the Department of Social Services. Part of that reimbursement is for equipment. Mr. Wheeler commented the Department of Social Services has State Administration Funds that are available for this purpose. They pay 62 percent and BOCES pays 38 percent.

MOTION: AUTHORIZING THE TRANSFER OF \$72,000 FROM THE DEPARTMENT OF SOCIAL SERVICES STATE ADMINISTRATIVE FUNDS TO THE SHERIFF'S OFFICE MAJOR EQUIPMENT LINE ITEM FOR THE PURCHASE OF TWO VEHICLES FOR SCHOOL RESOURCE OFFICERS MADE BY MR. SCHU. SECONDED BY MR. SWACKHAMER. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

C. Law Department

1. **Tax Certiorari Proceedings** – Mr. Corey informed the committee that they have received a request from the City of Corning to participate in two Tax Certiorari proceedings. The first is relative to Stewart Park Apartments and the second is relative to Mountainbrow Village Townhouses. Both properties appear to be within our \$2 million, single owner limit. Our portion would be 20 percent which equates to approximately \$800 per property for an appraisal or \$2,000 per property for a court-ready appraisal.

MOTION: AUTHORIZING THE COUNTY TO PARTICIPATE IN TAX CERTIORARI PROCEEDINGS RELATIVE TO STEWART PARK APARTMENTS AND MOUNTAINBROW VILLAGE TOWNHOUSES, BOTH SITUATE IN THE CITY OF CORNING MADE BY MR. ROUSH. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

D. Public Works

1. **Major Equipment – Pressure Washer** – Mr. Spagnoletti requested authorization to add a steam pressure washer to his Major Equipment list.

2. **Major Equipment – Wheeled Excavator** – Mr. Spagnoletti requested authorization to add a rubber tired wheeled excavator to his Major Equipment list. We purchased a wheeled excavator in 2013 for a cost of \$178,000, however, we have had numerous mechanical issues. We are currently negotiating with the vendor to exchange our current excavator with a new excavator.

MOTION: AUTHORIZING THE COMMISSIONER OF PUBLIC WORKS TO ADD A WHEELED EXCAVATOR TO THE MAJOR EQUIPMENT LIST MADE BY MR. SWACKHAMER. SECONDED BY MR. SCHU. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

E. Finance

1. **Monthly Reports** – Mr. Van Etten thanked Mrs. Hurd-Harvey for her responses to his emailed questions. He commented the Landfill does concern him. We currently carry a surplus, but if we are chipping away at it every year, it sounds like we have the Health Care Facility number 2. Eventually we will be chipping away at a zero balance.

Mr. Spagnoletti explained for the period 2011 – 2013, we averaged each year a \$750,000 profit. For 2014-2016, if we assume a \$750,000 loss for 2016, **that three year average would be a loss of \$750,000.** Right now we **show** a \$1.3 million loss for 2015. **This includes** a \$1.1 million one-time charge. If you take the \$750,000 loss without that one-time \$1.1 million charge, then the \$500,000 less in revenue will turn into a \$750,000 loss for 2016. Outside garbage and BUDs are coming in higher than we had expected. Right now for 2016, we are projecting a \$250,000 - \$750,000 loss. Over the twenty-three years that he has been here, the budget runs in cycles. We are at a point where it does seem as though we are running out of ways to cut costs **and increase revenue.** Mr. Spagnoletti stated right now, approximately 55,000 tons of **Steuben County** garbage **is** going to private landfills. If we were getting that tonnage, we would have an additional \$1.5 million to our bottom line. This is a very critical year for us.

Mr. Hauryski asked how do you come up with the figure of 55,000 tons leaving the County? Mr. Spagnoletti explained Casella takes 30,000 tons, which includes tonnage from the cities of Corning and Hornell. Lippincott is taking 14,000 tons and we have estimated miscellaneous tons of 11,000 that we are losing. He stated right now we have \$12 million in cash and \$500,000 in current liabilities. Our net worth is \$12 million **which includes** \$13 million in liabilities for closure and post-closure costs. Post closure costs are estimated at \$8 million.

Mr. Wheeler commented the Landfill is not like the Health Care Facility because we do not have a lot of receivables and we do not have a cash problem. This is still an issue and we do need to account for the closure and post-closure costs.

2. **2015 Year-End Budget Adjustments** – Mrs. Hurd-Harvey presented two year-end budget transfers for approval. The first is transferring \$66,700 from the Jail budget into the Sheriff's Office Retirement line item to account for the past service credits that road patrol deputies were entitled to. The second transfer is related to closing out the Health Care Facility. We are transferring \$6.8 million in deficit and booking that as an expense in the General Fund.

MOTION: APPROVING THE 2015 YEAR-END BUDGET TRANSFERS AS PRESENTED MADE BY MR. ROUSH. SECONDED BY MR. SWACKHAMER. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

3. **Setting the Date and Time of 2016 Real Property Tax Sale Auction** – Mr. Donnelly requested authorization to set the date and time for the 2016 Real Property Tax Sale Auction for Friday, July 15, 2016, at 10:00 a.m. to be held in the Bath Haverling Auditorium.

MOTION: SETTING THE DATE AND TIME OF THE 2016 ANNUAL REAL PROPERTY TAX SALE AUCTION FOR FRIDAY, JULY 15, 2016, AT 10:00 A.M. MADE BY MR. SWACKHAMER. SECONDED BY MR. SCHU. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

IV. OTHER BUSINESS

A. *Tax Bills* – Mr. Roush stated that as a follow-up to his previous discussion regarding the payee on the tax bills. The County Attorney did research and his opinion is that the County cannot edict who the payee is for the tax bill, however, we could recommend what that should be. The tax collector is an independent entity. The payee should be as

an example, "Tax Collector of the Town of Erwin", without including the individual's name. He stated that he thinks we should recommend to Mrs. Flaitz that she communicate that to the taxing agencies.

MOTION: TO ADJOURN REGULAR SESSION AND RECONVENE IN EXECUTIVE SESSION PURSUANT TO PUBLIC OFFICERS' LAW, ARTICLE 7§ 105.1.A. MATTERS WHICH WILL IMPERIL THE PUBLIC SAFETY IF DISCLOSED; ARTICLE 7§ 105.1.F. THE MEDICAL, FINANCIAL, CREDIT OR EMPLOYMENT HISTORY OF A PARTICULAR PERSON OR CORPORATION, OR MATTERS LEADING TO THE APPOINTMENT, EMPLOYMENT, PROMOTION, DEMOTION, DISCIPLINE, SUSPENSION, DISMISSAL OR REMOVAL OF A PARTICULAR PERSON OR CORPORATION; AND ARTICLE 7 §105.1.H. THE PROPOSED ACQUISITION, SALE OR LEASE OF REAL PROPERTY OR THE PROPOSED ACQUISITION OF SECURITIES, OR SALE OR EXCHANGE OF SECURITIES HELD BY SUCH PUBLIC BODY, BUT ONLY WHEN PUBLICITY WOULD SUBSTANTIALLY AFFECT THE VALUE THEREOF MADE BY MR. He also requested authorization to purchase six scanners, three signature pads, one hard drive and one laptop for a total cost of \$21,300. Mr. Swackhamer asked how is the Dragon Software working? She stated that she has been working with Information Technology and this will provide better functionality for those offices and save money in long-distance calls. Mr. Wheeler stated the committee will be authorizing the transfer of BIPP funds into the major equipment capital project and authorizing Information Technology to spend up to \$10,000 out of the Phone Replacement Capital Project.

MOTION: AUTHORIZING THE DIRECTOR OF THE OFFICE FOR THE AGING TO TRANSFER \$2,605 IN BIPP FUNDS INTO THE INFORMATION TECHNOLOGY'S MAJOR EQUIPMENT CAPITAL PROJECT FOR THE PHONE REPLACEMENT PROJECT AT THE OFFICE FOR THE AGING SATELLITE OFFICES IN CORNING AND HORNELL MADE BY MR. 3. **Sales Tax** – Mr. Donnelly stated that tomorrow they will receive the final payment for the end of the first year with sharing sales tax with the cities. The first three payments for this quarter increased 20 percent for the same period last year. However, we are not comparing apples to apples. Starting March 14, 2016, then the comparison will be more accurate. The payments for March were up 11.7 percent for the first payment and 7.5 percent for the second payment. We should be at 12.5 percent for everything to break even. The sales tax is not increasing as much as we would like. We advance one quarter to the cities. The final payment last year was \$1.6 million. We may need to adjust the advances going forward. Mr. Wheeler commented we did not get hit as hard as other counties with sales tax revenues dropping, however, we are not anticipating growth.

1. **Award RFP for Acceptance of Electronic Payments** – Mrs. Hurd-Harvey informed the committee they received seven proposals. One of the major objectives is to limit or eliminate the number of calls our office takes from people that wish to make **payments** over the phone. We interviewed two vendors; M&T partnered with Hamer of Texas and Value Payment Systems of Tennessee. She recommended awarding to Value Payment Systems. They are able to accept online payments and have a system in place to accept payments by phone. There is a minimum fee, charged to the consumer, of \$2.95 per transaction for tax payments and \$1.95 per transaction for non-tax payments. Additionally there is a 1 percent fee for the use of a debit card and a 2.45 percent fee for the use of a credit card.

ROUSH. SECONDED BY MR. SCHU. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

2. **Monthly Reports** – Mr. Malter asked over the last three to four months there have been a multitude of budget transfers. Is there a flaw in the process? Mr. Van Etten replied it is part of doing business with so many accounts. Mr. Malter asked do the budget allocations need to be expanded? Mr. Wheeler stated we try to look at the budget line items. There are a lot of transfers, however most are minimal in size.

3. **Tax Auction** – Mr. Donnelly reminded the committee that the Tax Auction will be held on Friday, July 15, 2016. We have 85 parcels in the sale.

I. County Manager

1. **Land Bank** – Mr. Wheeler informed the committee that three weeks ago he had received an email from Mayor Hogan, and the committee had authorized the Commissioner of Finance to send a letter to the City of Hornell outlining our process for allowing the City to purchase property. The Mayor had thought that would be good enough to create a land bank for the City or Hornell, but it was not. The Mayor is now asking if the County would look at the land bank issue again, and the City will put in \$25,000 to help with the start-up costs.

Mr. Wheeler stated if you choose to go with a land bank, you have input as to how that is constructed. If we did, it would be under the same terms that we currently use for the City of Hornell. The reason to do this is for State funding. He stated that the committee does not need to make a final decision today. He and Mr. Alger could do more investigating as to how a land bank would work. Mr. Wheeler stated his main concern is who would administer it. That will be a key issue. The County is guaranteeing taxes, and we would want to maintain control.

Mrs. Lando commented Chautauqua County has a land bank, and it is operated by an independent group. Mr. Schu asked would the State provide funding for the administrative costs? Mr. Wheeler replied they could. If you consider doing this, it would be conditional upon State funds being received. The other thing you will need to do is be prepared to put forward money for the initial operating costs which could be \$50,000. Mr. Wheeler explained you would have the ability to construct the board and set the rules as you want.

Mrs. Lando stated you may lose control, but the properties will be renovated and put back on the tax roll. Mr. Reed stated the County has the option of selling certain liens to sister county land banks. The statute allows counties to manage and maintain liens for outside jurisdictions. Mr. Schu commented that he thinks it is worth exploring.

Mr. Swackhamer stated it would be okay if it operates how we have worked with the City of Hornell for the last few years. Mr. Van Etten stated the limitation is they do not get to cherry pick the inventory. Mr. Schu stated there are a lot of properties county wide that could use remediation or demolition.

Mr. Wheeler stated the Village of Bath in the past has been vocal about this issue. With the creation of a land bank, there are low limits for commercial properties and income thresholds for who you sell remediated properties to. Mr. Malter asked if we started a land bank, would more State funds be available? Mr. Wheeler replied yes. We would have a large jurisdiction with more properties that may qualify. He stated that he and Mr. Alger will put together a draft local law and organizational chart for review.

MOTION: APPROVING THE MINUTES OF THE JUNE 14, 2016, MEETING MADE BY MR. SCHU. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 5-0.

III. PRESENTATIONS

A. Bonadio

1. **Review of Financial Statements** – Mr. Shepard reviewed the 2015 Audit of Financial Statements with the committee. There is a new accounting standard this year that requires that you have a record of pension liabilities. This is an actuarial basis record whether overfunded or underfunded. Every municipality picked up the participant share of liability on the books. This is new on your financial statements.

Mr. Shepard stated the total fund balance increased \$1.4 million in 2015. Revenues increased \$6.6 million over 2014, mainly due to an increase in sales tax income of \$3.5 million, as a result of the sales tax sharing agreement. Expenditures increased approximately \$2.6 million, also largely due to increased sales tax sharing of \$3,500,000. There was a decrease in Medicaid expenditures of \$1.7 million and TANF program decrease of \$508,000. Mr. Shepard stated the Health Care Facility fund was closed in 2015 and the debt of \$12.8 million was paid in February 2015. The County absorbed the OPEB liability of approximately \$2.2 million into the General Fund. With the implementation of the GASB 68, the County’s portion of the pension liability at the end of 2015 was \$6 million.

Mr. Van Etten stated the other revenue category has decreased \$5 million since 2012 and is now holding at \$20 million. What would have caused that decrease? Mrs. Hurd-Harvey stated she will research that for the committee. Discussion followed.

3. **Monthly Reports** – Mr. Roush asked on the Budget Transfers report, why under Title III-B are there negative numbers instead of offsetting revenue? Mrs. Hurd-Harvey replied we reduced some accounts and increased other accounts. In total, the accounts do balance.

4. **Nichol Inn** – Mr. Donnelly informed the committee the Nichol Inn is a property located in the Town of Pulteney. The Department of Environmental Conservation (DEC) has concerns regarding the sustained limits of petroleum solvents in the ground. There are two ways to deal with that. The first option is to use some type of absorbent material which would be inserted into the 14 monitoring wells. The second option is to use a consuming agent which is injected into the soil to reduce the levels. He received a quote from Lu Engineers to inject a consuming agent, for a total cost of \$15,650. We have \$2,600 remaining in the Nichol Inn capital project. In total, we have spent \$300,000 on this property and have received \$250,000 back through the Brownfield program. Mr. Donnelly requested authorization to transfer \$13,000 from the Contingent Fund into the Nichol Inn Capital Project and to enter into a contract with Lu Engineers for the remediation of petroleum solvents.

H. County Manager

1. **Land Bank** – Mr. Wheeler presented a draft resolution for the committee's consideration to create a land bank. We are proposing a seven-member board which would consist of the Chairman of the Legislature, Chairman of the Finance Committee, County Manager, Commissioner of Finance and three municipal representatives. This structure gives you control of the destiny of the land bank. Any by-law changes would need to come back to the Legislature for approval. The goal is to keep the same terms that you currently use with the City of Hornell. You ultimately will determine what properties can go into the land bank and what properties cannot.

Mr. Roush asked can you restrict to only those properties being demolished? Mr. Wheeler replied legally, he does not know. The reason to do this is to get State funding that would provide the seed money for this program. The State does have limitations on how that funding can be used. If you choose to do this, we would apply for State funding. If we do not receive any funding, we could rescind the resolution. We have to authorize the creation of the land bank, but we do not need to go through the corporation paperwork in order to apply for funding.

MOTION: FORWARDING TO THE FULL LEGISLATURE FOR CONSIDERATION, A PROPOSAL TO CREATE THE STEUBEN COUNTY LAND BANK CORPORATION MADE BY MR. SCHU. SECONDED BY MR. SWACKHAMER FOR DISCUSSION.

Mr. Roush stated he does not think government should be in this business and he is opposed.

C. Office for the Aging

1. **Lifespan Contract** - Ms. Towner stated after last month's meeting, we received notice of a revision of the Lifespan's Finger Lakes Caregiver Institute grant. This grant funding will be used to expand Alzheimer's disease support in the Southern Tier through collaboration with the Office for the Aging in the region. We will be receiving \$6,000 per year for each of the five years of the grant instead of \$6,000 over the course of five years, as was reported in last month's motion. For the remainder of this year, we will be using \$4,925 for office space rental, program materials for community education, salary and fringe benefits.

MOTION: AMENDING THE MOTION FROM THE JULY 12, 2016, MEETING AUTHORIZING THE DIRECTOR OF THE OFFICE FOR THE AGING TO ENTER INTO A NEW CONTRACT WITH LIFESPAN OF GREATER ROCHESTER WHO WILL PROVIDE \$6,000 OF GRANT FUNDING FROM THE NEW YORK STATE DEPARTMENT OF HEALTH, PER YEAR THROUGH DECEMBER 31, 2020 TO EXPAND DEMENTIA SUPPORT SERVICES IN THE SOUTHERN TIER MADE BY MRS. D. Finance

1. **Monthly Reports** – Mr. Swackhamer asked why there are three different prices for the Public Works vehicles? Mr. Morse replied we used to have a state contract for a given vehicle. Now we are using the state program, where we put out a solicitation and we have up to 40 different dealers to choose from. We have the option to accept a vehicle that is on the lot and we can modify the specifications. Additionally, if a dealer does not have what we want, they will order it direct from the factory.

Mr. Swackhamer asked why are we purchasing 42 Glocks for the Sheriff's Office? Mr. Wheeler replied they are updating their weapons. These are for road patrol deputies, some court security, and the corrections officers doing transports.

2. **Town Use of Online Credit Card System** – Mrs. Hurd-Harvey stated the committee recently approved us accepting online credit card payments and we thought we could offer this option to those towns that currently use our software. This would enable residents within those towns to have the option of paying their current year taxes online. We are researching Town Law to make sure we are able to do that. Presuming that we can, she requested authorization to offer that service to those towns.

Mr. Wheeler commented Social Services overtime has increased due to significant turnover. They currently have twenty vacant positions.

Mr. Van Etten stated on the County Cost Analysis, he assumes that it is a timing issue, but WC expenditures are only at 37.2 percent for the year. Mr. Donnelly replied we bill once and the towns pay, however, the money goes out at a different rate. Mr. Van Etten commented that Mental Health revenues are not lagging behind what the expenditures are. Mr. Wheeler stated Dr. Chapman has been doing a good job.

Mr. Swackhamer asked what is the reason for increased overtime in the County Clerk's Office? Mrs. Hunter replied we had temporary hires to do scanning. Mr. Wheeler stated they employed college students during winter and summer break to help with scanning. Mrs. Hunter stated they did a fantastic job. All of the pistol permits have been scanned. Also, as of March 2015, an individual's confidential information is no longer allowed to be filed in our office pursuant to OCA regulations. The students were very helpful in assisting our staff with that. Mr. Swackhamer asked what about the overtime? Mr. Wheeler replied they had staff out for various reasons.

2. **Town Use of Online Credit Card System** – Mr. Donnelly informed the committee that they will offer the towns the opportunity to have taxpayers pay their January tax bills through the website. We will need to negotiate with Value Payment systems to do that.

3. **Sales Tax** – Mr. Donnelly stated year-to-date we have seen an increase of 7/10 of a percent from the same period last year.

4. **Tax Auction** – Mr. Donnelly informed the committee that in July we had received an offer to purchase 60 acres of property in the Town of Canisteo for \$3,500. We rejected that offer and included the property in the tax sale auction. The property went for \$33,500. Overall for the tax sale, we had one property that defaulted. E. County Manager

1. **Funding Request** – Mr. Wheeler informed the committee that he received a request from Steuben Rural Electric (SREC) for some funding. They are working with STN to look at a potential project which would utilize SREC's lines and poles to run fiber to rural areas. There was a very small area that was eligible for the first round of grant funding to bring broadband to rural areas. We have now become eligible for the second round. This would be a \$30 million project, if they can get the grant funding. There is no guarantee, but this is the kind of rural broadband project the State is looking for. Applications are due the end of November, and there are costs for a consultant drafting the application. SREC has secured the consultant services of ECC Technologies who will be writing the application and interfacing with the carriers. SREC is asking if the County would be willing to help support half of the application fee. The cost to apply is between \$25,000 - \$40,000. In discussions with Mr. Van Etten, he had suggested that if the carriers are coming on board, they should also shoulder some of the cost of the application. Mr. Wheeler requested authorization to allocate \$12,500 - \$20,000 out of the Southern Tier Fiber Capital Project.

MOTION: AUTHORIZING THE COUNTY MANAGER TO ALLOCATE UP TO \$20,000 OUT OF THE SOUTHERN TIER FIBER CAPITAL PROJECT TO STEUBEN RURAL ELECTRIC AS OUR SHARE OF THE FEE FOR THE BROADBAND ELIGIBILITY GRANT APPLICATION FEE MADE BY MR. SWACKHAMER. SECONDED BY MR. SCHU FOR DISCUSSION.

Mr. Van Etten stated at first he had mixed feelings about this as the application is for public funds, but then becomes a for-profit operation. However, this is the only way that we will be able to get broadband into the rural areas.

I. CALL TO ORDER

Mr. Van Etten called the meeting to order at 10:35 a.m.

II. BUDGET OVERVIEW

Mr. Wheeler stated the team has done a good job of preparing a draft budget for you. The budget is currently compliant with the tax cap. We are not in a position where we need to find significant cuts. We typically roll over the 2016 budget to start 2017. Then the departments submit their requests. We review and make our recommendations. He stated that he provided those changes on a spreadsheet and they are already incorporated into the budget.

Traffic Diversion Program

We moved the Traffic Diversion Program revenues from the District Attorney’s budget and appropriated them to the Traffic Diversion Program budget. The \$108,000 in revenue in the District Attorney’s budget has been moved into the Traffic Diversion Program budget.

Assigned Counsel

Mr. Wheeler commented we are trying to reflect more of the true costs of the Assigned Counsel Program. Generally, there are contingent fund transfers each year to fund the shortfalls. We have increased some of the line items to show actual cost, but we should also see some savings from the addition of the Conflict Defender’s Office.

Tax Acquired Property

Mr. Wheeler stated we have been approved as a land bank. The next step is waiting for the funding from the State. We have appropriated \$50,000 for startup costs of the Land Bank. If we do not get the State funds, then we will not spend that money. The City of Hornell will be contributing \$25,000 and we are waiting to see if any of the other municipalities will be willing to contribute funding.

Elections

Mr. Wheeler stated the County cost fluctuates depending on the number of elections in a given year, the printing of the ballots and other factors. For 2017, we do show an increased County cost.

Information Technology

Mr. Wheeler stated, at the request of the IT Director, we have combined the budgets for Information Technology and Telephonic Communications. Telephonic Communications has three staff and it will be easier to track if they are combined into one budgetary category.

Jail

We have a better handle on the Overtime and Temporary Hire costs in the Jail. The Sheriff has done a good job in what they have done with regard to tracking sick leave to reduce temporary hire costs. We did increase those line items to better reflect actual costs.

Public Works

Mr. Wheeler stated we have received an additional \$1 million in CHIPs funding. NYS has approved a five-year plan for PAVE NY and Bridge NY. The money is pretty solid for this year and the following two years. Most of this will be going toward construction costs. We also had a significant savings in the fuel line items.

Office for the Aging

Mr. Wheeler stated that overall the budget looks good. The BIPP program is going away and the money in the line item for that program is being spread out among other line items.

Requests from Outside Agencies

Mr. Wheeler stated that they did receive a request from CSS Workforce NY for \$40,000. This funding will be used to assist with the coordination of workforce development activities for the I-86 corridor initiative.

Salary Schedule

Mr. Wheeler noted that there was an error in the Court Security part-time salary schedule. Those salaries were double printed, so the actual will be half of what is listed. Also, under the Conflict Defender, we have \$48,000 as a placeholder. That amount should be \$35,000.

Tax Cap

Mrs. Hurd-Harvey distributed and reviewed the tax levy limit calculation. The prior year levy was \$50 million and after all of the State deductions, it is down to \$42 million. The maximum that we could increase taxes would be \$401,368. Mr. Wheeler stated with the carryover, that is about \$50,000 less than that right now in the current budget. On a \$50 million levy, we are talking about .5 percent levy increase, or not even. That gives you \$150,000 of carryover for next year as well.

MOTION: ACCEPTING THE 2017 BUDGET ADJUSTMENTS AS RECOMMENDED BY THE BUDGET OFFICER MADE BY MR. SWACKHAMER. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 3-0. (MR. SCHU ABSENT FOR VOTE)

Mr. Van Etten asked Mr. Wheeler to provide a summary of the big items, such pension and health insurance. Mr. Wheeler stated we do see some savings in those areas. Our NYS retirement contribution is down a little. We are seeing savings in health insurance as well. Mrs. Hurd-Harvey reminded the committee that the County is self-funded. We have an equivalent premium and we over budgeted for that in 2016. This year we were able to get the equivalent premium amount earlier in the process and that dropped the amount down a little bit. This year based on actual, we are seeing a \$400,000 savings for budget purposes. Mr. Wheeler commented we also still have a good reserve to use in the event of catastrophic claims.

III. 2017 BUDGET REVIEW

The committee reviewed the tentative 2017 budget and asked questions regarding various departments. The items listed below are those questions that were unable to be answered during the meeting:

DA – STOP DWI

Mr. Van Etten commented the Salaries and Wages line item for 2017 represents a 12 percent increase over the current year. Is that due to another resource into the program? Mr. Wheeler replied he will check on that. It may represent the vehicle lease which is considered a taxable benefit.

Elections

Mr. Van Etten asked why is there a new line item for Rent Building & Property with \$4,500. We store our equipment at our building. Mrs. Hurd-Harvey commented that is no longer our building. Mr. Wheeler stated he will check that.

Records Management

Mr. Van Etten stated similar to Elections, there is a new line item for Rent Building & Property with \$4,500 budgeted. Mr. Wheeler stated he will check into that.

Central Copying

Mr. Van Etten asked why are we budgeting \$30,000 for Copier Supplies for 2017 when year-to-date they have only spent \$10,000? Mr. Wheeler stated he will check. Mrs. Hurd-Harvey commented that line was set up to track the actual costs of copier supplies.

E-911

Mr. Van Etten asked why does the Equipment Maintenance/Repair line item have almost \$400,000 budgeted for 2017? Mr. Wheeler replied that is for all of the technology we maintain or lease. A lot of that is software maintenance. We could make an adjustment to that to split out software and equipment.

Sheriff

Mr. Van Etten asked why did the line item for Maintenance Contracts increase from \$2,500 in 2016 to \$11,000 in 2017? Mr. Wheeler replied he believes that represents Johnson Controls and \$8,500 is for the Offender Watch software. He will follow up with the Sheriff.

Jail

Mr. Van Etten asked why we have \$0 budgeted for 2017 for the Food Service line item, but we have spent \$45,278.11 year-to-date? Mr. Wheeler replied we have two cooks in the Jail for a total of \$69,000. They are listed on the salary schedule and are included in the Salaries and Wages line item. He will check to make sure that the Food Service Helpers are also included in the budget.

Public Health

Mr. Van Etten asked why have we budgeted \$20,000 for Unemployment Insurance for 2017, but nothing has been spent year-to-date? Mrs. Hurd-Harvey replied we had that line item during the department turnover. She does not believe they need that line anymore, and she will check to see if they can remove it.

Special Children's Services

Mr. Van Etten asked why does the line item for SCS Admin – (DOH) show a 2016 budget of \$2,000 and a 2017 budget of \$30,000? Mr. Wheeler stated he will check on that.

PROS Services

Mr. Van Etten asked why the large jump in the line item for NYS OMH revenue from \$71,430 in 2015 to \$372,359 in 2017 and year-to-date have received \$68,747? Mr. Wheeler stated he will check.

Social Services Administration

Mr. Van Etten asked why have we budgeted \$30,000 for 2017 for Micrographic Expenses when we have spent \$0 year-to-date? Mr. Wheeler stated he will check.

DSS – Client Related

Mr. Van Etten asked with regard to the Legal Advocate Chargeback line item, why has the cost doubled over the past two years, we have spent \$27,882 year-to-date and have budgeted \$122,000 for 2017? Mr. Wheeler stated we will check on the timing and expenses.

TANF Administration

Mr. Van Etten asked with regard to Child Care Registration line item, we have spent \$24,601.92 year-to-date, and are budgeting \$150,000 for 2017. Is this a timing issue? Mr. Wheeler replied they will check into this.

Services for Recipients

Mr. Van Etten asked how is this line item increasing, yet year-to-date they have received \$196,306.10? Mr. Wheeler stated he would ask for an explanation from the Commissioner.

Mr. Van Etten asked why are there two line items for Purchase of Services. Both of those lines are showing a decrease, even year –to-date amortized they show an increase?

Child Care

Mr. Van Etten asked why is there such a difference between 2017 budgeted and year-to-date in the Foster Care and ADC – Foster Care lines? Mr. Wheeler replied he will check to see if that is a timing issue.

Mr. Van Etten asked in the revenue line item for Federal Aid EAF, is the \$739,180.62 year-to-date a correction? Mr. Wheeler replied he will check.

Tourism & Publicity

Mr. Van Etten asked what is the line item for Conference & Visitors' Bureau Research? Mr. Wheeler replied Mr. Buganski requested \$35,000 to provide a hospitality training session for any of the interested customer oriented service organizations. The thought is that this will drive more room tax by having better customer service. They would engage the services of a consultant to do that training.

Mr. Swackhamer stated he is not in favor of spending \$35,000 to pay someone to come in and do that. Mr. Wheeler commented this is something that would help the organizations to engage their customers more and better promote the region. The goal is that you would see dividends by having better customer service.

Mr. Van Etten commented this is tough to justify. The only hard number you have is the cost. It is impossible to say what the benefit will be two years later.

MOTION: REMOVING THE \$35,000 FOR CONFERENCE & VISITOR BUREAU RESEARCH MADE BY MR. SWACKHAMER.

Mr. Schu asked how concerned is Mr. Buganski about this? Mr. Wheeler replied this was a top priority. Mr. Schu stated they will be training hundreds of people. We are going to get the benefit of that on the back end. Mr. Van Etten stated by adding that \$35,000 we are still bumping the county cost by that amount. Mr. Wheeler stated if you approve, the county cost would go back to zero.

Secretary's Note: Motion fails due to lack of a second.

Transfers to Capital Projects

Mr. Van Etten asked why is there is a \$600,000 difference between the original 2016 budget and the modified 2016 budget? Mrs. Hurd-Harvey stated she will check into that and generate a list.

Machinery Highway

Mr. Van Etten asked why is the Machine & Equipment – Major line item showing a credit of \$54,270.58? Mrs. Hurd-Harvey stated she will check into that.

IV. SALARIES

Mr. Van Etten asked why is Mary Nobilski the highest paid employee in the County, other than the District Attorney? Do we need both Psychologists and Psychiatrists? Mr. Wheeler replied Dr. Chapman is trying to use clinical nurse practitioners, but we still need to have a Psychiatrist to oversee. We will be looking for more creative ways to address this in the future.

V. OUTSIDE AGENCIES

Mr. Wheeler reviewed the outside agency requests for 2017. He noted that they are recommending \$10,000 for REDEC, \$5,000 to STC for their Strategic Plan, \$40,000 to CSS Workforce which will come out of the Economic Development Fund, \$749,815 for the Conference & Visitors' Bureau, \$43,200 for the Finger Lakes ARTS Council, \$99,500 for the Southern Tier Library System and \$375,000 for Cornell Cooperative Extension.

VI. LEGISLATORS PAY

Mr. Wheeler distributed a handout showing an analysis of Legislator pay raise and his proposal to increase. The Legislature has not had a raise since 2007. He is proposing raising the wage of Legislator to \$12,500, which represents a \$1,000 increase and raising the pay for Chairman to \$20,000 which represents a \$2,000 increase. This would put you in line with the average of the salaries in similar counties.

Mr. Schu commented that we actually have taken a pay cut because we increased our proportional share of our medical insurance. This represents a modest increase and he does not have any problem with it.

MOTION: RECOMMENDING AN INCREASE IN LEGISLATOR SALARY TO \$12,500 AND THE CHAIRMAN SALARY TO \$20,000 PER YEAR MADE BY MR. SCHU. SECONDED BY MR. SWACKHAMER FOR DISCUSSION.

Mr. Van Etten commented he is in favor of this based on the fact that it has been ten years since there was an increase. If you do not continue to slowly increment, then getting people of any value is a non-event.

VOTE ON PREVIOUS MOTION: ALL BEING IN FAVOR. MOTION CARRIES 4-0.

VII. CAPITAL PROJECTS/EQUIPMENT

Small Equipment – District Attorney

Mr. Van Etten asked what is the Callyo Surveillance Package Software? Mr. Wheeler replied that would be more appropriate in the software maintenance line item. We had allocated Traffic Diversion Program funds against it last year. We will remove it from the small equipment list and put it under software maintenance.

Mr. Swackhamer asked why are we spending \$350 on four Steamlight Flashlights?

MOTION: REMOVING THE FOUR STEAMLIGHT FLASHLIGHTS TOTALING \$350.00 FROM THE DISTRICT ATTORNEYS SMALL EQUIPMENT LIST MADE BY MR. SWACKHAMER. SECONDED BY MS. FITZPATRICK. ALL BEING IN FAVOR. MOTION CARRIES 4-0.

Small Equipment – Landfill

Mr. Van Etten asked what is the generator at the Landfill for? Mr. Wheeler replied he will ask for an explanation.

Major Equipment – Highway

Mr. Van Etten asked what is the 10' enclosed trailer for? He commented that \$10,000 for a 10' trailer seems expensive.

Major Equipment – Landfill

Mr. Van Etten asked about the 4x4 pickup truck for the landfill. The cost for \$40,000 seems a little high. What will it be used for?

Major Equipment – Jail

Mr. Swackhamer asked is the transport vehicle for the Jail supposed to be new, or a replacement? Mr. Wheeler stated he thought it was a replacement, but will check on that.

LEGISLATORS:	Carol A. Ferratella	K. Michael Hanna	John V. Malter

I. CALL TO ORDER

Mr. Van Etten called the meeting to order at 10:30 a.m.

II. 2017 BUDGET REVIEW

Mr. Wheeler stated the budget is actually in good shape. Overall, both the tax rate and the levy are dropping. The levy is dropping \$1,800. The tax rate has decreased on average \$8.46, or \$.13. Since our last meeting, we have made some adjustments based on the questions the committee had. There were no significant changes. After working with the Public Defender, we did look at the cost centers and appropriated \$70,000 in revenue to an account for new State grants coming in. We also anticipated more in the capital projects, with \$50,000 allocated for the records digitization project. Additionally, the Ergonomics Capital Project was out of money. Traditionally, they have had \$7,500, and we kept that in for future years.

Mr. Wheeler stated in his departmental budget, we are proposing adding \$40,000 under the contract line item for a data analysis system. We will need to issue an RFP, but this would get us more toward performance management. The system will take aggregate data and put it into a much more usable fashion. We currently have our office and the Finance Department spending a lot of time in the system pulling out information. This will help the Legislators and the public as we will be able to share information.

Mr. Wheeler informed the committee they received a request from the Hornell Area Humane Society for \$7,500 in funding. They are seeing a significant push in the services they provide to their area. This is a no-kill shelter, and they do not provide services to us. He stated that he did not include their request in this budget. Our relationship with the Finger Lakes SPCA is we give them an annual allocation for cruelty and enforcement. We have not given them sustaining funds. He cautioned, if you do this, you will most likely get calls from other agencies for similar requests.

Secretary's Note: The Committee was in agreement with not including the Hornell Area Human Society's request for \$7,500 in the 2017 Budget.

Mr. Wheeler stated with regard to the sales tax allocation, the municipalities can either opt for cash or a credit against the county tax in their town. This is the first year that really impacted our cap significantly. Any other budget year, I would have come to you requesting that you override the tax cap. We share sales tax with the municipalities. After payment to the cities, we share approximately half with the municipalities. Some take it as cash and others take it as a credit. Anytime there is a change, that directly impacts us. The Towns of Corning and Wayland each took additional cash, totaling \$200,000, which reduced our tax cap levy limit by the same amount. The tax levy limit is now \$50,000 out of \$50 million. We have no control over that as it is an accounting function. Mr. Wheeler explained when we originally did the

sales tax sharing agreements, we had mentioned that we would want to take a look at this. You have the ability to dictate the terms to the municipalities. He stated he is working with Mr. Reed on that the options that we have. As more towns take cash, the County will suffer. As a reminder, an override of the tax limit requires a super majority vote.

Mr. Donnelly stated a total of \$7.2 million in credit from sales tax sharing is what goes to the town tax bills. Mr. Wheeler stated this is a potentially uncomfortable discussion to have, but we need to because will be will on the short end of the stick. If we can lock the municipalities in to choosing an allocation method, that would be ideal. He is not sure if this is something we can do, but we need to have that conversation.

Mr. Van Etten stated looking at the Capital Equipment, he still questions why Public Works needs to spend \$10,000 on a 10' trailer. It does not make any sense. Mr. Wheeler suggested dropping that to \$7,000 or \$8,000, and that would not change the budget. Mr. Swackhamer asked that this item be added to the December Public Works Agenda for discussion.

Mr. Van Etten stated that he also questions the portable generator for the landfill scale house. They have it listed for \$3,000 but he knows that you can buy a 65w Honda for \$2,000. What would they need for the scale house?

Mr. Van Etten stated Mr. Mullen had emailed the following questions:

- Sheriff's Office – Operation of Boats; spent \$2,500 in 2015, \$2,000 year-to-date, but have budgeted \$7,500. Mr. Wheeler explained this is for boat maintenance and fuel costs.
- Jail – Repairs/Maintenance; 2015 spent \$14,223.35, year-to-date is \$9,331 and requested is \$20,000. Mr. Wheeler explained they have a capital project for some of the water infrastructure, and they have had to do a significant amount of maintenance to both the water and sprinkler systems. Due to that, he does not feel the request is too far off.
- Jail – Bedding/Linens; 2015 spent \$2,700, year-to-date spent \$398 and requesting \$5,000. Mr. Wheeler stated this could be a timing issue.
- Fuel Chargebacks – what cost per gallon do we use to estimate and what happens with that money when there is an overage? Mrs. Hurd-Harvey replied the cost is based on the actual gallons that each department uses out of the County pumps. The chargeback is the cost plus \$.10 to maintain the fuel system. Mr. Wheeler stated if there is an overage, that goes back into the General Fund.
- Animal Safety – Mr. Mullen feels this should be reduced to \$10,000 and believes the risk would be same as it used to be when we funded them \$39,000. Mr. Wheeler stated we have a contract with the Finger Lakes SPCA for \$10,000 for animal cruelty. If some significant happens, that contract amount will not cover it. We have kept the \$39,000 budgeted and Mr. Mullen disagrees with that. We either have the Contingent Fund or we can keep the \$39,000 in the budget. If we don't spend it, then it goes back into the General Fund.
- Department of Social Services – Emergency Aid to Families, Foster Care, Residential Schools seem high. Mr. Wheeler stated the Emergency Aid to Families is caseload driven and we have \$300,000 for that cost center and he would not change it. This is 100 percent reimbursed by the State and would result in a net zero as you would be cutting the revenue as well. With the Foster Care line item, when you look at the yearly cost, it is not too bad. Finally, with the Residential Schools, this is caseload drive, but does seem high. He will ask for an explanation.
- Public Works – Snow Removal seems high at \$429,049. Mr. Wheeler stated reflect overtime and will depend on the type of winter we have. He does not think that is out of line.

MOTION: FORWARDING THE PROPOSED 2017 BUDGET AS PRESENTED BY THE BUDGET OFFICER TO THE FULL LEGISLATURE FOR REVIEW AND APPROVAL MADE BY MR. SWACKHAMER. SECONDED BY MR. SCHU. ALL BEING IN FAVOR. MOTION CARRIES 5-0. Resolution Required.

She requested authorization to accept the funding into the 2016 budget. He requested authorization to purchase various IT equipment totaling \$27,380 using these grant funds.

Mr. Schu asked do you have to spend the entire amount? Dr. Chapman replied no. The State gave us their best estimate, so it can be anything up to that amount. Whatever funding we do not use, will go back to the State. Mr. Wheeler stated Dr. Chapman has done a good job to avoid purchasing equipment that will have ongoing costs.

Mr. Swackhamer asked what is office luggage? Dr. Chapman replied the bulk of the visits done by the case managers are at the client homes. They have a lot of paperwork that they carry with them, in addition to the computer. The staff asked for these to help keep everything organized and easier to travel with. Mr. Van Etten asked what about the cell phones for \$1? Mr. Wheeler replied we get good discounts on the handsets and they are not smartphones.

Mr. Van Etten asked when we use someone else’s bid, is that the best price we can get? E. Commissioner of Finance

1. **Monthly Reports** – Mr. Van Etten asked on page two of the Budget Transfer report there is a line item for the Sheriff showing revenue of \$5,000 for a State aid legislative grant, but no offsetting expense. Mrs. Hurd-Harvey replied two lines down, the expense shows up under the Drug Tip Line grant. Mr. Van Etten asked is that the same for mental COLA revenue of \$6,402? Mrs. Hurd-Harvey replied that is a COLA redistribution. Mr. Van Etten stated that under Bullet Proof Vest, the revenue is \$8,687.50 yet the expense is \$17,375? Mrs. Hurd-Harvey replied the difference is the County's cost. Mr. Wheeler explained the State will not reimburse the vest costs for Corrections Officers. Mr. Van Etten stated on page six, under Foster Care there are two expense entries of \$25,000. Mrs. Hurd-Harvey replied that could have been a duplicate. She will have to ask the Department of Social Services about that.

Mr. Malter commented there are several categories covered under audit? Mrs. Hurd-Harvey explained they are called audits, but actually are the accounts payable to cover expenses. This is not the audit of our financial statements, but rather the bills that we pay.

Secretary's Note: In response to Mr. Van Etten's question regarding Foster Care expenses, after checking with the Department of Social Services, there was a duplication, and one of the \$25,000 expense entries will be reversed in December.
